International VAT Expert Academy:

The aim of the academy is to bring together VAT experts from all over the world to discuss, in interactive and lively workshops, various issues that arise in the day-to-day business of VAT experts. Workshops will be limited to small numbers of participants and will always be led by two very experienced trainers from leading firms specializing in VAT. The workshops will have an international focus and be held in English.

Following a short introduction, individual case studies will be distributed. Participants will be given adequate opportunity to discuss their individual cases and to determine best practice solutions. Participants are encouraged to send their cases to the Academy in advance of the workshops.

Who should attend? VAT managers, VAT consultants, officials dealing with VAT. Ideally participants should have extensive VAT experience.
