Dr. Matthias Oldiges joined KMLZ in 2013. He was appointed Managing Associate in 2017. Matthias advises our clients on all national and international VAT matters and assists them with the structuring of their businesses in order to achieve VAT optimization. This includes offering valuable support in introducing and implementing tax compliance management systems and the optimal procurement structures with respect to VAT and customs. Matthias advises our clients with respect to German and international VAT compliance and, if necessary, represents clients in proceedings before the fiscal courts. Matthias' special focus area is the VAT treatment of the pharmaceutical industry, hotel business and consumer goods and in this respect he advises several internationally operating companies. Matthias holds a doctorate in VAT law and regularly lectures on VAT topics.
